

Imperial

Stove & Fireplace

Maintenance Products

Imperial BLACK MATTE STOVE PIPE AND ACCESSORIES

FEATURES & BENEFITS:

- Minimum clearance from combustible material is 18"
- Stove Boards protect both floors and walls from heat and their modular design allows for multi board installations
- Clearance can be reduced up to 50% by using Stove Pipe Heat Shield or Stove Board
- The crimped ends of the stove pipe & fittings must be directed towards the appliance
- Each joint in the assembly must be joined with at least three self-tapping screws
- Manufactured from Black Matte pre-painted scratch and chip resistant steel

The Complete Source for All Your Stove & Fireplace Safety and Maintenance Needs

Since 1979, the Imperial Manufacturing Group of companies has strived to supply their customers with the highest quality of products and services.

Imperial offers a complete assortment of Stove & Fireplace safety and maintenance products that enables everyone from the do-it-yourself homeowner to the professional chimney sweep to properly clean, repair, restore and maintain their stoves and fireplaces.

Chimney Treatments & Conditioners

- Creosote formation in wood burning systems takes many forms; liquid, runny, damp or sticky, crumbly, glazed and hard
- The creosote formed is flammable and presents a potentially serious hazard
- Some creosote can be removed by brushing, others require chemical conditioning to render them more brushable
